

工業薬品を通して、技術の革新、未来の環境を新たに

埼玉薬品株式会社

P r o f i l e

M e s s a g e

SYC was initially set and started its operation at Omiya, which stands for “the big shrine”, in Saitama Prefecture since May 1966 by trading chemicals, metallic plating materials and various chemical testing implements.

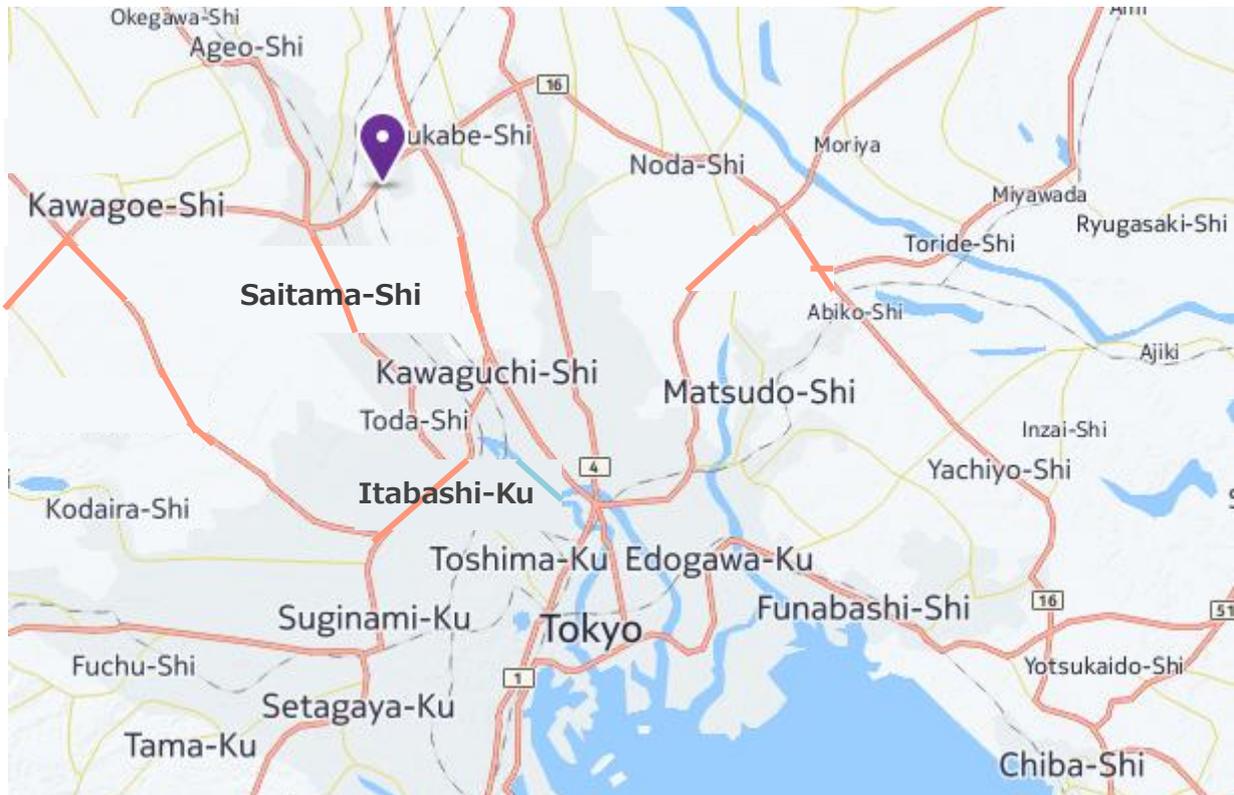

As the business developed, SYC was incorporated in December 1974 and accumulated good credit among the prime customers and stakeholders in rapidly growing Tokyo Metropolitan Area.

In 1983, SYC relocated to the Southern Saitama Wholesaler’s Estate facing to the vigorous “Route 16” aiming for further contribution to the society and growth of the Company. In fact, SYC and the Chairman Mr. Akiyoshi Matsushima played a key role for the development and prosperity of the Estate up to now.

As SYC had been in environment oriented business, the company has been kept running under ISO-14001 Certificate since 2005 so the company may step forward to the global market.

Company Overview

■Company Name	SAITAMA YAKUHHIN CO.,LTD.
■Address	1-43 Oroshi-cho, Minuma-ku, Saitama-city, Saitama Pref., Japan
■Tel	+81-48-686-5221
■Fax	+81-48-686-3332
